

THE PALE BLUE DOT - EARTH FROM SPACE

HAPPY HOUR WITH DR. PAUL GUTTMAN
(SPACE SCIENCE FOR SCHOOLS)

Date: Friday, May 25, 2007
Time: 5:30 – 7:00 p.m.
Lecture begins promptly at 6:00 p.m.
Cost: \$5 donation requested. Includes a No-Host Bar.
Location: Assembly Rooms A & B, Tahoe Center for Environmental Sciences
291 Country Club Drive, Incline Village, Nevada
(on the campus of Sierra Nevada College)

Dr. Paul Guttman is a founding director of the non-profit Space Science for Schools and will be teaching an introductory astronomy and cosmology undergraduate course at Sierra Nevada College in Fall 2007. He has a passion for science education and public outreach to students of all ages.

Our view from space has allowed us to better understand weather, earth processes, and changes that our planet faces. Join Dr. Guttman for a journey through space to visit planet earth from a different perspective where there are no political boundaries. The world looks quite different from this view.

May 25 will also provide an early viewing of the View From Space exhibit for attendees and the media. The opening of this exciting new exhibit is scheduled for Saturday, May 26, 2 – 9 p.m.
